**REQUEST FOR RESCISSION OF LOCAL HISTORIC DESIGNATION OF
149 DENVER AVENUE (AKA SEYMOUR & BIRDIE RHODE HOUSE)
STAFF REPORT
PROJECT NO. LUP2021-0008 / PLAN NO. HIS2021-0001**

PROJECT DESCRIPTION

Project No.: LUP2021-0008 / Plan Nos. HIS2021-0001

Project name: Request for Rescission of Local Historic Designation of 149 Denver Avenue (aka Seymour & Birdie Rhode House)

Owner's Name: Salvador Flores ("Applicant")

Location of Request:

The Property is located at 149 Denver Avenue, which is on the southwest corner of 2nd Street and Denver Ave (Parcel No. 147106132013) (the "Property").

Nature of Request:

The Property is a locally designated landmark within the City of Fort Lupton. Historic designation requires that exterior work be reviewed by the Historic Preservation Board to ensure that changes are in conformance with the Municipal Code, as well as the Secretary of Interior's Standards for Rehabilitation. In exchange, the property is eligible for tax credits for eligible work completed on the home (if required applications are submitted and approved by the State Historic Preservation Office).

Applicant has submitted a request for rescission of historic designation on the local historic registrar. The reason for the request is identified on the Application for Local Historic Designation or Rescission of Local Designation, included in the Planning Commission packet.

The Historic Preservation Board will hold a hearing on this matter on April 1, 2021 at 6:15 PM. Planning Commission may recommend approval, rejection or modification of the proposed designation [or rescission] and its recommendation shall contain a statement of the basis for the recommendation. The recommendation shall be delivered to the Historic Preservation Board in written form at or prior to the hearing.

Site Size: 13,832 square feet, or 0.318 acres, more or less.

Zone District: C-1 General Commercial

Existing Use: Private residence.

Hearing/Meeting Dates: Planning Commission – March 11, 2021 at 6:00 PM; and
Historic Preservation Board – April 1, 2021 at 6:15 PM
City Council – April 20, 2021 at 7:00 PM.

Hearing Location: Virtually via GoToMeeting.

Staff Recommendation:

The building is an important landmark in the City of Fort Lupton, and has been found to have significance at the local, as well as national level. More information on this is found under the Conformance with City Standards, Regulations and Policies section of this Staff Report, and also in the attached Architectural Inventory Form. Currently, prior to exterior changes, including demolition, Historic Preservation Board approval must be obtained. Removal of the Property would remove this requirement.

Applicant has not stated an intent to make significant exterior changes and/or demolition to the Property, and in particular the main structure on the Property. However, the future desires of the owner or a new owner may change.

With that being said, staff takes a neutral stance on recommendation for approval, rejection or modification of the proposed rescission of historic designation of 149 Denver Avenue (aka Seymour & Birdie Rhode House).

SUMMARY OF PREVIOUS APPLICATIONS

On March 10, 2008 the owners of the property at 149 Denver Avenue, Fort Lupton, Colorado applied to the City of Fort Lupton Historic Preservation Board consenting in writing to designate said structure as a local historic landmark; on May 13, 2008 the Fort Lupton Planning Commission reviewed the application pursuant to Section 18-345 and had no objection to, and found no conflicts with the proposed designation;

on June 5, 2008 the Historic Preservation Board held a public hearing on the proposed designation meeting the requirements of Section 18-344; on June 5, 2008 the Historic Preservation Board recommended that the City Council approve the proposed designation; and on July 24, 2008 the City Council adopted Ordinance 2008-903 to designate the Property.

APPLICATION PROCESS

The Applicant is requesting approval to rescind the historic designation of the Property. Pursuant to Section 18-353 of the Fort Lupton Municipal Code ("Code"), a historic site or district designation may be amended or rescinded in the same manner as the original designation was made.

Designations (and rescission of designations) are processed under [Chapter 18, Article XVII](#) of the Fort Lupton Municipal Code ("Code") and require a three step review process. This includes:

1. Planning Commission review of the proposed designation rescission;
2. Historic Preservation Board hearing; and
3. City Council action by ordinance to rescind the designation.

This is Step 1 of the three step review process. Planning Commission shall review the proposed designation rescission with respect to:

- (1) Its relationship to the zoning ordinance of the City and the Comprehensive Plan of the City;
- (2) The effect of the designation upon the surrounding neighborhoods; and
- (3) Such other planning consideration as may be relevant.

The Planning Commission may recommend approval, rejection or modification of the proposed designation and its recommendation shall contain a statement of the basis for the recommendation. The recommendation shall be delivered to the Historic Preservation Board in written form at or prior to the hearing.

Following the Planning Commission review, at least four members of the Historic Preservation Board shall conduct the hearing. Reasonable opportunity shall be provided for all interested parties to express their opinions regarding the proposed designation or designations. However, nothing contained herein shall be construed to prevent the Historic Preservation Board from establishing reasonable rules to govern the proceedings of the hearings or from establishing reasonable limits on the length of individual presentations. The hearings shall be recorded, minutes written by staff and provided to each City Council member. Written presentations, including the report of the Planning and Zoning Commission, shall be included in the record of the hearing.

Upon receipt of the recommendations transmitted by the Historic Preservation Board, the City Council may by ordinance designate property as a historic landmark, site or district. Due consideration shall be given to the written view of owners of affected property and in its discretion the City Council may hold public hearings on any proposed landmark, historic site or district designation.

NOTIFICATION REQUIREMENTS

Written notice of the time, date, place and subject of the hearing shall be sent by certified mail not less than thirty (30) days prior to the hearing to all owners of record on the date of the resolution who own

the real property being proposed for designation as a historic site or historic district. Such notice shall be deemed delivered upon the passage of five (5) days from the deposit of the notice in the mail.

Signs indicating that recommendation for historic designation is being considered by the Historic Preservation Board shall be posted by the Board for a period of not less than fifteen (15) days immediately preceding the hearing on all property proposed for historic designation and on the boundaries of all areas proposed for historic district designations. Such signs shall be prominently displaced and easily readable from abutting public ways.

A legal notice indicating the nature of the hearing, the property involved and the time, date and place of the hearing, shall be published in a local newspaper of general circulation one (1) time at least fifteen (15) days prior to the hearing.

Written notice of the proposed historic designation, including the identification of the property, the basis for commencing with the designation procedure and the time, date and place of the hearing, shall be given to the Planning Commission not later than thirty (30) days prior to the hearing.

CONFORMANCE WITH CITY STANDARDS, REGULATIONS AND POLICIES

As stated earlier in this report, Planning Commission review is Step 1 of the three step review process.

Staff presents the following findings Planning Commission to assist with the Commission's review of the proposed designation rescission with respect to:

- (1) Its relationship to the zoning ordinance of the City and the Comprehensive Plan of the City;

The Property is zoned C-1 General Commercial. Therefore, the use as a residence is legally nonconforming. There is no issue with it remaining a residence, and historic designation of the Property does not have any effect on the zoning ordinance of the City.

The Comprehensive Plan does not have any relevant relationship to designation or rescission of designation of the property.

- (2) The effect of the [rescission of] designation upon the surrounding neighborhoods; and

Removal of the Property from the local historic register would allow for the owner to make alterations without Historic Preservation Board approval. It would also allow for the ability to demolish the structure(s) on the Property. Although it has not been identified as the owner's intent to make significant alterations or to demolish the structure, in the future the owner or a new owner may do so.

The Seymour & Birdie Rhode House has been identified as eligible for individual designation to the National Register of Historic Places on the local (and possibly state) level of significance in relation to two criteria. First for embodying the distinctive features of the Queen Anne style of architecture. While the home and its grounds have experienced some changes since the residence was constructed in 1902, its Queen Anne detailing and overall integrity remain largely intact.

Secondly for its historic significance, the Property served as the home of Seymour and Birdie Rhode from 1902 into the 1950s. The couple founded Fort Lupton's first bank. Birdie's role as the bank's president was unusual for the time and may be significant on a state level in the area of social history. The bank has been demolished as this home is now the only building associated with these local business leaders.

Therefore, if there were to be future significant alterations or demolition, it would impact the neighborhood visually on the neighborhood since the home has been in existence since 1902. In addition, the Property is zoned C-1 General Commercial, so any new construction would be commercial on this lot.

(3) Such other planning consideration as may be relevant.

Not applicable.

In no event shall the delay in issuance of a building permit due to the provisions of this Section be for more than ninety (90) days.

(Ord. 651, 1994)

Sec. 18-347. - Hearing.

- (a) At least four (4) members of the Historic Preservation Board shall conduct the hearing. presentations, including the report of the Planning and Zoning Commission, shall be included in the record of the hearing.

(Ord. 651, 1994)

The Board may approve, reject or modify any proposal, but no proposal may be extended beyond the boundaries of the land described in the original resolution unless the initiation and hearing procedure is repeated for the enlarged boundaries. No ruling may deny the owner a reasonable use of his or her property.
- (b) The Board shall set forth in its records the findings of fact which constitute the basis for its decision. If the Board fails to act within the thirty-five-day period, the designation shall be deemed to have been rejected and the designation procedure shall thereby be terminated.

(Ord. 651, 1994)

Sec. 18-349. - Transmittal to City Council.

- (a) Within fifteen (15) days after reaching its decision, the Historic Preservation Board shall transmit to the City Council and the owner of the property its recommendation on the designation of a historic site or historic district, including the description of the property involved and the findings upon which the recommendation was based.
- (b) If more than one (1) property is involved in the designation procedure, the Historic Preservation Board may approve in part and terminate in part. Each part shall then be treated as a separate action. In no event may any property be added to the area described in the initiation resolution without instituting a new designation procedure.

(Ord. 651, 1994)

Sec. 18-350. - City Council action.

Upon receipt of the recommendations transmitted by the Historic Preservation Board, the City Council may by ordinance designate property as a historic landmark, site or district. Due consideration shall be given to the written view of owners of affected property and in its discretion the City Council may hold public hearings on any proposed landmark, historic site or district designation.

(Ord. 651, 1994)

Sec. 18-351. - Recording with County Clerk.

Within fifteen (15) days of the effective date of an ordinance designating property as a landmark, historic site or district, the City shall record among the real estate records of the County Clerk and Recorder either:

- (1) A certified copy of the ordinance designating the specified property as a historic site or historic district; and listing the individual properties included therein; or
- (2) A notice stating that the specified property has been designated as a historic site or historic district and citing the ordinance and the effective date of the ordinance which made the

designation effective. The notice may also contain a brief summary of the effects of such designation as set forth in this Article.

(Ord. 651, 1994)

Sec. 18-352. - Final notification to owner.

Within ten (10) days after the recording of the ordinance or the notice of designation of property as a historic site or historic district, the secretary of the Historic Preservation Board shall send to the owner of each property so designated by certified mail a letter outlining the reasons for such designation and the obligations and restrictions created by such designation. Such letter shall also contain a request that the owner or his or her successors or assigns notify the secretary of the Board prior to:

- (1) Preparation of plans for the reconstruction or alteration of the exterior of improvements located on such property; and/or
- (2) Preparation of plans for the construction, alteration, relocation or demolition of improvements on such property.

(Ord. 651, 1994)

Sec. 18-353. - Amendment or rescission of designation.

A historic site or district designation may be amended or rescinded in the same manner as the original designation was made.

(Ord. 651, 1994)

Sec. 18-354. - Work requiring building permit.

- (a) Action on an application for a building permit, including any permit for the demolition of a building, shall be deferred by the Building Inspector except as provided in Section 18-359, until the application is accompanied by a report of acceptability from the Historic Preservation Board for the proposed work when the proposed work involves any of the following:
 - (1) Alteration or reconstruction of or addition to the exterior of any improvement which constitutes all or part of a historic site;
 - (2) Demolition or relocation of any improvement or object which constitutes all or part of a historic site; or
 - (3) Construction or erection of or addition to any improvement upon any land included on a historic site.
- (b) In order to obtain a report of acceptability, the applicant shall submit the application for a building permit, including sketches, plans and other requirements as determined by the Historic Preservation Board, to the Board through the Planning and Zoning Commission. All such application shall be reviewed by the Board in two (2) phases to determine compliance with this Article as follows:
 - (1) Conceptual review. Conceptual review is an opportunity for applicants to discuss requirements, standards and policies that apply to historic sites or structures within a historic district. Problems can be identified and solved prior to final review of the application. After review of the application by the Historic Preservation Board, the Planning and Zoning Commission shall furnish the applicant with written comments regarding the conceptual review. Conceptual approval of any proposed work may be limited to certain portions of the work as deemed appropriate by the Board. Conceptual approval does not guarantee final approval of proposed work. If, upon review of the proposed work, the Board determines that conceptual review is not necessary given the absence

of a significant impact on the historic site or historic district involved, it may be waived by the Board and the Board may then proceed to consider the proposed work on final review at the same meeting.

- (2) Final review. If an application or parts thereof are conceptually approved, it shall be finally reviewed by the Historic Preservation Board at a subsequent meeting of the Board. During final review, the Board shall consider the application or parts thereof that have received conceptual approval and any changes made by the applicant since conceptual review.

(Ord. 651, 1994)

Sec. 18-355. - Work not requiring building permit; application for approval.

- (a) Except as otherwise provided herein, no land surface within any real property designated as a historic site or district shall be changed and no improvements shall be erected, removed, restored, demolished or altered, including alteration of color, without prior written approval of the Historic Preservation Board. No addition shall be made to any real property designated as a historic site, landmark or district in such a manner or of such a character as to change the exterior appearance or exterior architectural features, which change shall be visible from any public street, park or other public place, without prior written approval of the Board.
- (b) Any person desiring to remove, demolish or in any way change the exterior appearance or the exterior architectural features of improvements on real property designated as a historic site or district or desiring to change the land surface of any such real property shall submit to the Historic Preservation Board an application for approval and a specific statement of the work proposed, together with such details as the Board may require.

(Ord. 651, 1994)

Sec. 18-356. - Approval of proposed work.

- (a) If upon receipt of an application for a building permit pursuant to Section 18-354, or upon receipt of an application pursuant to Section 18-355, the Historic Preservation Board finds that the proposed work is of a nature that will not erode the authenticity or destroy any distinctive exterior feature of the improvements and is compatible with the distinctive characteristics of the historic site or historic district and within the spirit of purposed of this Article, the Board shall advise the applicant in writing by issuing a report of acceptability and shall affix its seal to the plans and specifications for the approved work. In the case of an application for a building permit, upon receipt of the Board's report of acceptability, the Building Inspector shall proceed with the review of the application for a building permit. No change which would defeat the purpose of this Article shall be made in an application for a building permit or the plans and specifications for the proposed work approved by the Board without resubmittal to the Board and approval of such changes in the same manner as the original application.
- (b) In determining the decision to be made concerning the issuance of a report of acceptability, the Historic Preservation Board shall consider the following criteria:
 - (1) The effect of the proposed work upon the general historical and/or architectural character of the historic site, landmark or district;
 - (2) The architectural style, arrangement, texture and materials of existing and proposed structures and their relation to the structures in the district;
 - (3) The effects of the proposed work in creating, changing or destroying the exterior architectural features of the structure upon which such work is to be done;
 - (4) The effect of the proposed work upon the protection, enhancement, perpetuation and use of the historic site or historic district;

- (5) The Standards for Rehabilitation and Guidelines of Rehabilitating Historic Buildings; and
- (6) Such additional criteria, as established by the Historic Preservation Board, which it deems to be in the best interests of the City.

(Ord. 651, 1994)

Sec. 18-357. - Denial of building permit.

If the proposed work is not approved by the Historic Preservation Board, the Building Inspector shall deny the application for the Building permit and shall advise the applicant. No reapplication shall be submitted pursuant to Section 18-354, et seq., under the original plans and specifications found unacceptable by the Board except upon a showing of changed circumstances sufficient to justify the reapplication.

(Ord. 651, 1994)

Sec. 18-358. - Action of Board on unacceptable proposed work.

- (a) If the proposed work is not acceptable, the Historic Preservation Board, acting with all due diligence, shall explore with the applicant all means for substantially preserving the historic structure or historic district which would have been affected by the required permit. These investigations may include, by way of example and not of limitation:
 - (1) Feasibility of modification of the plans;
 - (2) Feasibility of any alternative private use of the structure which would substantially preserve the original character; or
 - (3) Possibility of public acquisition for a public purpose of the structure involved.
- (b) If the Historic Preservation Board is unsuccessful in developing either alternate plans or an appropriate public or private use for such structure, which are acceptable to the applicant, it shall notify the owner and the Building Inspector in writing. No work, erection, construction, reconstruction or alterations or demolitions of landmarks or structures in historic districts shall be allowed except on approval of the Board as provided in this Article.

(Ord. 651, 1994)

Sec. 18-359. - Remedying of dangerous conditions.

In any case where the Building Inspector, the Fort Lupton Fire Protection District, or any other public authority having the power, orders or directs the construction, reconstruction, alteration, repair, relocation or demolition of any historic improvement for the purpose of remedying conditions determined by that officer, department or authority to be imminently dangerous to life, health or property, nothing contained herein shall be construed as making it unlawful for any person to comply with such order. Any such officer, department or authority shall take immediate steps to notify the Historic Preservation Board of the proposed issuance of any such order or directive and may include in such order or directive any timely received requirements or recommendations of the Board.

(Ord. 651, 1994)

Sec. 18-360. - Final decision.

Decisions of the Historic Preservation Board regarding the acceptability of applications for building permits under Section 18-354 or applications for approval of work not requiring a building permit under Section 18-355 shall be considered final decisions. There shall be no appeals or variances to the City Council or Board of Adjustment.

(Ord. 651, 1994)

Sec. 18-361. - Extension of time limits.

Any time limit set forth in this Article may be extended by mutual consent of the Historic Preservation Board and the applicant, or the Board, the Planning and Zoning Commission and the applicant, whichever is applicable.

(Ord. 651, 1994)

Sec. 18-362. - Normal maintenance and repair of the structure as defined in kind.

Nothing in this Article shall be construed to prohibit the accomplishment of any work on any historic site or historic district which will neither change the exterior appearance (including color and materials) nor the exterior architectural features of improvements or structures, nor the character or appearance of the land itself and which is considered necessary as a part of normal maintenance and repair.

(Ord. 651, 1994)

Sec. 18-363. - Notification of state or national designation.

The Planning and Zoning Administrator shall promptly notify the Historic Preservation Board of any known national or state designations of landmark structures or landmark districts within the City.

(Ord. 651, 1994)

Sec. 18-364. - Violations and penalties.

Any person violating any provision of this Article shall be subject to the penalty provided by statute and Code. In case any building or structure is erected, constructed, reconstructed, altered, added to or demolished in violation of this Article, the City or any proper person may institute an appropriate action or proceeding to prevent such unlawful action. The imposition of any penalty hereunder shall not preclude the City or any proper person from instituting any proper action or proceeding to require compliance with the provisions of this Article and with administrative orders and determinations made hereunder.

(Ord. 651, 1994)

Sec. 18-365. - Adoption of the Standards for Rehabilitation and Guidelines of Rehabilitating Historic Buildings.

As a technical guide to the Board, the City does ordain that a certain document which is on file and available for inspection by the public in the office of the Planning and Zoning Administrator being marked and designated as:

"The Standards for Rehabilitation and Guidelines of Rehabilitating Historic Buildings, a section of the Secretary of the Interior's Standards for Historic Preservation Projects, revised in 1990 as part of Department of the Interior Regulations (36 CFR Part 67, Historic Preservation Certification) and

available from the U.S. Government Printing Office, Superintendent of Documents, Mail Stop: SSOP, Washington, DC 20402-9328"

be hereby adopted as the code of the City relating to the rehabilitation of historic buildings of all materials, construction types, sizes and occupancy, encompassing the exterior and interior of historic buildings and also relating to landscape features and the building's site and environment, as well as attached, adjacent or related new construction.

(Ord. 651, 1994)

Sec. 18-366. - Application of Standards.

The Standards are to be applied to specific rehabilitation projects in a reasonable manner, taking into consideration economic and technical feasibility.

(Ord. 651, 1994)

Sec. 18-367. - Severability.

If the application of any provision of this Article to any lot, building or other structure or a tract of land is declared to be invalid by a decision of any court of competent jurisdiction, it is hereby declared to be the legislative intent that the effect of such decision shall be limited to that lot, building or other structure or tract of land immediately involved in the controversy, action or proceeding in which the judgment or decree of invalidity was rendered. Such decision shall not affect, impair or nullify this Article as a whole or the application of any provision to any other lot, building or other structure or tract of land.

Dear Mrs. Flores:

Thank you for taking the time to meet with me on Monday March 10th to review the primary application for local historic designation on your property. The application has been finalized and I am preparing a report to the Fort Lupton Historic Preservation Board at this time.

My staff report and the designation application for 149 Denver Avenue will go before the HPB on April 3rd at 6:30 P.M. Please make an effort to attend this meeting. I discussed with you on March 10th the designation process. Once the HPB accepts the application it must go before the Planning and Zoning Commission. If approved by the Planning Commission it will go back before the HPB for a public hearing. If the HPB finds that the property is eligible for designation they will forward a formal recommendation of approval to the Fort Lupton City Council. The City Council has the final authority on this matter.

I will prepare a detailed schedule with dates and times before the formal process begins. Please note that according to **Municipal Code Section 18-346** you cannot apply for or be issued a building permit for alteration, construction, relocation, or demolition of the site, structure or object at 149 Denver Avenue while the property is being considered for local designation.

As always, if you have any questions please do not hesitate to contact me at the number listed above. I can also be reached by email at tparko@fortlupton.org.

Sincerely,

21. General Architectural Description: This corner lot contains a two-story masonry residence that faces toward the east. Centered on the property, the home rests upon what appears to be a concrete foundation with stone facing above grade. The building's exterior walls are constructed of brickwork laid in common bond coursing on the first floor, and the second story is clad in fishscale shingles. The home's front entrance, with a wood panel door and metal storm door, is found on its northeast cutaway corner. An open, three-sided porch projects from the home at this location. This porch, three steps up from the front sidewalk, consists of a masonry floor, open metal rail, and a three-sided hipped roof supported by three wood columns. Rising above the entrance and porch is

a short wood frame octagonal tower. This tower has walls covered with fishscale shingles, three 3-over-1 double hung sash windows with wood frames, and a bell-cast octagonal roof with asphalt shingles and a tin cap.

The building's southeast corner holds the entrance to a hair salon, reached by way of a small wood deck and handicap ramp. This entry has a wood panel door and storm door. Secondary entrances are found on the west and north elevations. The west elevation has a panel door and storm door that enter the rear enclosed porch. The northwest corner of the home has an overhead garage door (wood panel, 6 lights) providing access to a single-car attached garage.

Fenestration on the home consists primarily of 1-over-1 double hung sash windows with wood frames and surrounds. On the front of the house is a three-sided bay containing these original windows. The southeast one-story room has a band of multi-light windows along its south elevation that each holds a central casement surrounded by multiple fixed lights. One set of these same windows is found on the east elevation next to the hair salon door. The rear of the house has two pairs of 2-light sliding windows on the garage and bands of 1-over-1 windows flanking the rear entrance.

Typical of Queen Anne style homes, the roof on this residence is complex. Its central portion is pyramidal, and is surrounded by intersecting gables to the north, south and east. The entire roof is finished with asphalt shingles and boxed eaves. Dormers project from the roof to the north, south and west. The single dormers on the north and south slopes of the pyramidal roof are each wood-framed with fishscale shingles, a pair of 1-over-1 double hung sash windows, and a gabled roof. The single dormer on the west slope of the rear gabled roof is similar to the others but has a single small fixed horizontal window. A tall narrow brick chimney with a pair of horizontal brick bands near the top projects upward from the north slope of the pyramidal roof.

22. Architectural Style/Building Type: Queen Anne
23. Landscaping or Special Setting Features: Surrounding the home are grassed and landscaped yard areas, although the rear yard has been partially paved. The front yard is bisected by a concrete walk that runs diagonally from the street sidewalk at the corner to the front porch. A modern metal fence borders the south and west yard areas.
24. Associated Buildings, Features or Objects:

29. Construction History (include description and dates of major additions, alterations, or demolitions):
 The home on this property was constructed in 1902 with open porches on the front and rear, and over the next two decades remained unchanged. By 1930, it had been expanded toward the west with the construction of an enclosed porch and an attached garage. A small shed, now gone, was located off the southwest corner of the house, although this might have been the old garage now found in the southwest corner of the property. The old garage was certainly not present in its current location prior to 1936. The one-story addition to the southeast corner of the residence was constructed sometime in the years after World War II, possibly in conjunction with the 1975 remodeling of the interior for use as offices. In the past two decades, several alterations have been made to the property. First, in 1992 the detached modern garage was constructed and the surrounding yard area paved with concrete. Then in 1996 the home received attention to its siding, soffits and fascia. Finally, in 2006 the wood ramp, deck and door for the hair salon were installed, along with the wrought iron fence that encloses portions of the rear yard.

35. Historical background: Between 1902 and the 1950s, this home was occupied by the family of Seymour and Birdie Rhode. The couple is well-known locally for founding the first bank in Fort Lupton. Established in 1900, the Fort Lupton State Bank was initially housed on the main floor of the Winbourn Hotel on the northwest corner of 4th St. and Main Ave. Seymour served as the institution's cashier and Birdie held the title of president, a remarkable position for a woman to hold in any bank, large or small, at that time. The bank was launched with total assets of \$25,000 and on its first day of business received deposits in excess of \$3,500. In addition to banking, the couple was involved in the sale of fire and life insurance policies.

With their bank thriving, Seymour and Birdie had a Queen Anne style home constructed for themselves in 1902 at 149 Denver Ave. Eight years later, they erected their own bank building on the northwest corner of 4th St. and Denver Ave. Seymour and Birdie continued to operate their bank through at least the 1940s and were involved in the Fort Lupton community into the post-WWII period. During the 1950s, the home finally passed out of family ownership. While it continued to be occupied as a residence, in 1975 the building was remodeled for office use. This work appears to have primarily involved the interior, but may also have involved construction of the one-story addition to the southeast corner of the building. In recent years, this portion of the building has been converted into a hair salon.

39. Area(s) of significance: **Commerce / Architecture / Social History**

40. Period of significance: **1902-1957**

41. Level of significance: National No State Yes Local Yes

42. Statement of significance: This historic property is eligible for individual designation to the National Register of Historic Places on the local (and possibly state) level of significance in relation to two criteria. First, it is eligible under Criterion C for embodying the distinctive features of the Queen Anne style of architecture. Numerous elements of this building are characteristic of this style. Regarding historic significance, the property served as the home of Seymour and Birdie Rhode from 1902 into the 1950s. Together the couple founded and successfully ran Fort Lupton's first bank. In addition, Birdie's role as the bank's president was an unusual one for a woman of the time period and may be significant on a state level in the area of social history. The bank has been demolished and this home is now the only building associated with these prominent local business leaders. For these reasons, the house is individually eligible for National Register listing under Criterion B.

In light of the criteria for local designation, the property appears to be eligible for individual listing in Fort Lupton because of its association with prominent banking couple Seymour and Birdie Rhode (Criterion A-3). In addition, the home is likely to be locally eligible for its excellent embodiment of characteristics of the Queen Anne style of architecture (Criterion B-2).

43. Assessment of historic physical integrity related to significance: While this home and its grounds have experienced some changes since the residence was constructed in 1902, its Queen Anne detailing and overall integrity remain largely intact. Many of the changes have taken place behind the house, involving early additions to the rear of the home and the construction of two garages in the rear yard. The relatively small addition to the front southeast corner is one-story in height, compatible in design and materials, and does not diminish from the overall

historic character of the home. None of these changes have significantly diminished its architectural significance as what appears to be the most important example of the Queen Anne style in Fort Lupton. This property clearly retains and exhibits an adequate degree of architectural integrity to be considered architecturally significant in relation to National Register standards. In addition, its good integrity makes it eligible for local designation, as discussed above.

VII. National Register Eligibility Assessment44. National Register eligibility field assessment: **Eligible**45. Is there National Register district potential? **Yes**

Discuss: This property is associated with what appears to be an adequate concentration of historically intact properties in downtown Fort Lupton that share a common historic context. Historic district potential is found to include the properties fronting onto Denver Ave. and Main Ave., and those located between 1st St. and 9th St. The property at 149 Denver Ave. is likely to be considered contributing to any future historic district in this area.

If there is National Register district potential, is this building contributing: **Yes**46. If located in an existing National Register district, is it contributing: **Not Applicable****VIII.
